DESCRIPTION

GYPSE is a low safety shoe with a breathable polyamide upper inspired by the trail universe. Its textile tightening loops, aluminum toe cap and textile antipenetration plate make this model a lightweight and comfortable safety shoe. Reinforced at the front, sides and back in TPU (Thermoplastic polyurethane) for better superior abrasion resistance, this model features a durable and cushioning EVA / rubber outsole as well as an EVA insole with a textile top and wide perforations for good evacuation of the perspiration. GYPSE is ideal for work environment such as logistics, construction finishing works or DIY.
